User Modeling and User-Adapted Interaction **3**: 381–382, 1994.

Contents of Volume 3

JENNINGS, ANDREW and HIDEYUKI HIGUCHI / A User Model Neural Network for a Personal News Service 1

MAY, JON, BARNARD, PHILIP J. and BLANDFORD, ANN / Using Structural Descriptions of Interfaces to Automate the Modelling of User Cognition 27

BENYON, DAVID / Adaptive Systems: A Solution to Usability Problems 65

SELF, JOHN / Model-Based Cognitive Diagnosis 87

NIEM, L., FUGÈRE, B., RONDEAU, J. P. and TREMBLAY, R. / Defining the Semantics of Extended Genetic Graphs 107

ZUKERMAN, INGRID and McCONACHY, RICHARD / Consulting a User Model to Address a User's Inference during Content Planning 155

UM-94: Call for Papers and SIG Meeting Proposals. Fourth International Conference on User Modeling 187

Call for papers. Special issue on Integration of Natural Language and Vision Processing 190

KAPLAN, CRAIG, FENWICK, JUSTINE and CHEN, JAMES / Adaptive Hypertext Navigation Based On User Goals and Context 193

CAWSEY, ALISON / User Modeling in Interactive Explanations 221

KRAUSE, JÜRGEN, MITTERMAIER, EVA and HIRSCHMANN, ASTRID / The Intelligent Help System COMFOHELP *Towards a Solution of the Practicality Problem for User Modeling and Adaptive Systems* 249

Call for Participation – EWHCI'94 283

UM94: Fourth International Conference on User Modeling 286

QUILICI, ALEX / Forming User Models by Understanding User Feedback 321

KOBSA, ALFRED and POHL, WOLFGANG / Workshop on Adaptivity and User Modeling in Interactive Software Systems *Berlin* 359

Editorial Note 369

UM94: Fourth International Conference on User Modeling 370

EPIA'95 – Call for Papers. *Seventh Portuguese Conference on Artificial Intelligence* 371
